ENCATC ACADEMY 2023

ENCATC and ENCATC Academy

ENCATC is the European network on cultural management and policy and represents, advocates, and promotes cultural management and cultural policy education, professionalizes the cultural sector to make it sustainable, and creates a platform for discussion and exchange at European and international level. ENCATC has been creating and delivering academies for over 10 years, alongside local partners. In 2023, the main partner of the event will be the City of Santander. Other involved partners are Goldsmiths (University of London), Julie's Bicycle and NEMO. The ENCATC Academy is the space for the cultural management and policy community come together for learning and adopting a new behavior as a professional and as a citizen.

NEMO

The Network of European Museum Organisations (NEMO) is an independent network of national museum organisations, museum networks, individual museums and museum-related businesses representing the museum community of the member states of the Council of Europe. NEMO ensures museums are an integral part of European life by promoting their work and value to policy makers and by providing museums with information, networking and opportunities for co-operation.

The selection process (of up to 6 members with a travel grant) will be carried out by NEMO's executive board and the hosting organisation.
